Listing of Claims:

21. (Currently Amended) ~~The method of claim 11,~~ A method for viewing an image on a display screen, wherein the image includes one or more nodes in a flowgraph, wherein lines are used to interconnect the nodes wherein a portion of the image is displayed and wherein portions of the image are off-screen, the method comprising
displaying a navigator box on the display screen;
displaying an inner box within the navigator box, wherein the inner box provides a miniature representation of nodes in the portion of the displayed image, wherein edges of the inner box correspond to edges of the display screen;
displaying a miniature version of the portion of the image on the display screen within the inner box in correspondence with the portion of the image's position with respect to the edges of the display screen, wherein the portions of the off-screen image are shown in miniature within the area of the navigator box that is outside of the inner box; and
~~the method further comprising~~
omitting display of the lines from the inner box.
